

(Senior) Angular Developer (w/m/d)

Katowice (Tychy)

Full time

ASAP

Permanent

We are a well-financed start-up with senior founders solving a problem of process and automation discovery we experienced in our daily consulting work. We are using state of the art technologies including artificial intelligence to show results and solutions not known in the industry until now. Our motivated team is constantly growing. We are currently looking for hands-on colleagues joining our exciting endeavor! Our teams are located in exciting office locations in Cologne and Katowice.

Your Tasks

- Participate in planning and setting goals
- Be involved in high-level design and define requirements for new features
- Implement solutions for our set of project ecosystems
- Daily use of Angular 10, D3.js, Chart.js, ngRX, SCSS and many others
- Build completely new frontend features
- Take care of all aspects of an Automated Build System - based on TeamCity
- Be strongly involved in our development process - Scrum stories, Merge Requests, CI/CD, Pair Programming, Clean Code

Your Profile

- Good knowledge in Angular
- Positive attitude with grounded team spirit
- Min. 2 years of experience in software development
- A pragmatic approach to SOLID and Clean Code concepts
- Strong focus on tests - TDD (Test Driven Development)
- Effective communication skills in English

We offer

- Joining a strong, fast-growing multinational team with a professional approach, sharing knowledge and cracking exciting problems together
- State-of-the-art working environment, lots of data to work with, and colleagues enjoying doing so together with you
- Start-up flair paired with professional group experience

If you are interested in joining our team, please send your CV/Resume to recruitment@kyp.ai and use the title “(Senior) Angular Developer” - your contact person will be Marta.
